

# Holy Martyrs School

## Stationary Supply List for 2009-2010 School Year

With this memo, you will find the stationary supply list for September 2009. We ask that the items with (\*) be purchased at school. These items will be sold during the first days of the new school year. You can purchase the other items more reasonably at the dollar store, Staples, etc.

In School Tote Bags are required in Grades 5-8 to help children with their organization as they move from class to class. These bags stay in school and are not brought home. Students moving into Grades 6-8 should already have these bags from this year. Only incoming Grade 5 students and students new to the school need to purchase bags. Students in Grades 2-8 will use Homework Assignment Books. We provide the first assignment book free of charge. Replacement assignment books can be purchased from the office for \$3.00. Book Covers are required for all textbooks and workbooks. Stretch Fabric Book Covers should be used on all textbooks. Workbooks may be covered with Clear Contact Paper or Sturdy Paper Book Cover. Grades 4-8 must have marble sewn copybooks. No spiral copybooks. All scissors must be 4 inch safety scissors.

Our main communication between home and school is our weekly communication envelope. All important information will be sent home in this envelope weekly. Please remember to return these envelopes to school each week.

The following items are Not Permitted for Use at Holy Martyrs School:

- Trapper Keepers and/or Binders
- White Out Correction Fluid
